Thursday 2nd April 2020 - Year 5 Home Learning <u>Year5©shelford.cambs.sch.uk</u>				
Subject	Activity	Submission		
Reading	Silent Reading Please read a book for 30 minutes, silently. When reading, try to use the VIPERS skills we have been learning this year.	None required		
Spelling	For those who would like to continue spellings, may I suggest the Year 5/6 National Curriculum word list sent over the weekend? If this is the case, please choose an activity to learn a selection of these words from the Spelling Menu document on the class page.	None required		
Literacy	Speaking & Listening: 'Persuade a family member that'  Please choose (a minimum of 4) 'Persuade a family member that'  statements. You have to use all of your persuasion skills to persuade a family member about the statement on the card. You may like to go out of your 'comfort zone' and pick a statement that you do not necessarily agree with.	None required		
	***** In preparation for Friday *****  You may have noticed that the majority of the literacy since school partial closure has been speaking & listening based. The reason being; we (Year 5) were due to lead the school Easter Service had we been in school.			
	For Friday's task, I am going to ask the children to deliver a 'persuasive speech' (no longer than 3 minutes) outlining their preference between; 'Home Learning vs School Learning'. If you would like an extra literacy task today (Thursday) - an idea could be for them to start planning their speech.			
Numeracy	Warm Up - Use your knowledge of the 'L' operations' to complete one of the challenges below.  Please write the answers for each of the 'steps' in your home learning book (or on paper if you are yet to have your home - learning book).  Do NOT use a calculator!  Nice and easy  Bit more to it  Challenging  12 ½  78  Double it  x 10  -39  1/3 of it  -7  \$\frac{\frac{1}{3}}{50} \text{ of it}  -11  -39  11/4 of it  Answer =  Ans	Please either submit this activity by photograph of written answers to the email address above by 3pm today (Thursday).  Please include the following in the 'email subject box': -Child Name -Piece of work title -Date		

	Problem Solving & Reasoning Activities - Four by Four (59) & Three Digits (60)	
	In your numeracy home learning book, please complete the activities from the PDF titled – 'Thursday 2 <sup>nd</sup> April 2020 Numeracy'.	
	Please can you show and submit any 'workings out' that you undertake to complete the challenges.	
Other	Virtual School Games	Optional
	When the children take part in a tournament, if they come first or second they go through to the county finals called the 'School Games'. This has been cancelled for the Spring Term. Instead, they are offering all schools and families the chance to participate in the 'Virtual School Games' with points on offer for those participating.	submission
	The 'Virtual School Games' is taking place tomorrow (Thursday) between 10am and 3pm, with an event each hour. Families could choose how many (or how few) activities they would like to take part in. They will need to submit their entry to the organisers to earn points for the school but if they copy in Miss Beck ( <u>Yearloshelfordcambs.sch.uk</u> ), she can put some of them onto the school website too.	
	Please see the Virtual School Games document and the link below for more guidance: <a href="http://www.shelfordschool.org.uk/website/virtual_school_games/467071">http://www.shelfordschool.org.uk/website/virtual_school_games/467071</a>
