

Rainbow Challenges

If you complete all 5 challenges during the week please let me know and you will earn 2 house points. If you are able to complete 3 I will give you 1 house point. Each week the purple challenge will relate to our topic so you may like to prioritise this one, just like we do at school. I have suggested some ways you could respond to the challenges but you may have your own ideas about how to respond too.

ORANGE CHALLENGE - Picture News

Are holidays important?

Please see resources on the class page. You may like to complete this activity as a discussion or record some of your ideas on the resources provided.

BLUE CHALLENGE - FAMILY LEARNING

Select an activity to complete from the family learning

GREEN CHALLENGE - PSHE

Change

This week you will continue to think about change. Start by reading or listening to the story [The Owl Who Was Afraid of the Dark](#). Think how Plop's feelings about the dark changed through the story and how other characters helped Plop. Think about how your likes and dislikes have changed since you were little and how they might change further as you get older. Change can be difficult but it can also be exciting.

YELLOW CHALLENGE - Art + Science

Take One Leaf

On the class page you will find lots of art ideas linked to leaves.

You might also like to find out more about deciduous and evergreen trees in the 'Trees' PowerPoint and go on your own tree hunt using the 'tree identification activity sheet'.

PURPLE CHALLENGE - Forest Friday

(or any day)

Living Books

Take a look at the activity sheet on the class page.

You might like to choose a scene from a book you have read yourself or a story that has been read to you. Enjoy getting creative outdoors!
